

1000 litre IBC heaters (washable and watertight)

- 2000W : IBC heater is a flexible panel with:
 - Two coated fabrics : an heating red side and an insulated blue side.
 - Built-in thermostat : from +10°C to +70°C
 - Option: cover insulated to the top of
 - Round the bottom, there is bib to avoid draughts which cool the IBC

built-in thermostat :
from +10°C to +70°C

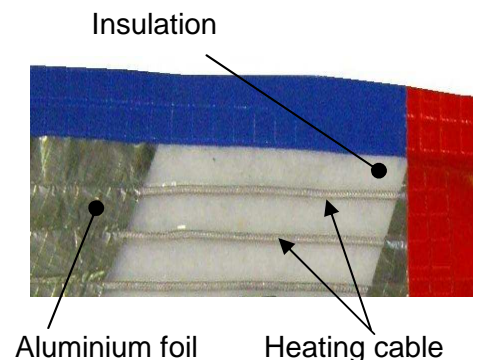

Advantages :

- Washable and watertight (IP54), can be used outside
- Built-in thermostat : from +10°C to +70°C.
- Homogeneous temperature (spreading effect of the aluminium foil)
- Limited heat waste (fully insulated)
- Fast setting with hook
- Electrical safety with earth lead
- 2m length main supply cable
- Can be used in food and cosmetics industries (stainless eyelets)

Technical data :

Code : B1004402000FT	
Output	2000 W
Voltage	230 V
Built-in thermostat	+10°C / +70°C
Main supply cable 3x1,5 ²	L 2m
Heating face colour	rouge
Insulated face colour	bleu
Degree of protection	IP54
